

CERTIFICATE

The Laboratory Dr. Brünke MTC e.K. certifies that the products

Steriface-Pulver EP/PE 568X / Steriface-Pulver EP/AC 569X
(new and after 10.000 wiping cycles)

of the company

Brillux GmbH & Co. KG Industrielack
Otto-Hahn-Str. 14, 59423 Unna, Germany

demonstrated according to ISO 846:1997 Method A (modified)

Antimykotic Properties

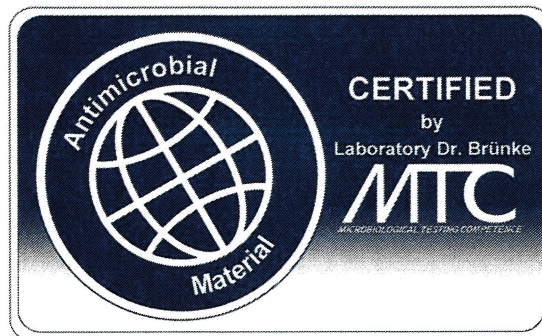

(no microscopic fungal growth detectable)

The test material has been successfully tested against a mixture of following
fungal strains:

Aspergillus niger DSM 1988
Penicillium funiculosum DSM 2213
Aureobasidium pullulans IHEM 18556

For details, see Test Report No. 2018-0002.4

The bearer of this certificate is entitled to affix the following seal to parts or
surfaces made from the test material.

Nuremberg, July 6th, 2018

Dr. Jörg Brünke, Managing Director
